Deliver or mail Petition: Knights of Saint Andrew at the above address.

The 29th Degree transitions from the 28th Degree to the 30th Degree. Within this transition are found many lessons, teaching us reverence and obedience to the Deity, the service of Truth, the practice of Virtue and Innocence; and also to battle for Truth and Right, Free Speech, and Free Thought; and in this to defend the people against tyranny.

The Scottish Knight of Saint Andrew takes these lessons to heart and thus the qualities of Charity, Clemency, and Generosity prevail; all of this brought about by Humanity, Patience, and Self Denial. As Scottish Knights of Saint Andrew we find Honor and Chivalry in this position. The Knights of Saint Andrew are designed to place these lessons into action. This Order, consisting of 32° Scottish Rite Masons, is dedicated to the service of the Valley of Tampa and its leadership.

The Order is intended as a work force of Knights to assist in areas not always covered by other groups, at Reunions, to provide assistance in work in the Center, to raise funds for the Children's Learning Center as well as for building maintenance, and to provide a means of visibility of the Scottish Rite to the public.
